The Archery NZ Selection Panel has the responsibility of reviewing the suitability of the Archers being considered for selection. This will include but is not limited to viewing of archery performance at competitions, verification of MQS scores and personal suitability in regards to sportsmanship that can be expected by a representative in the National Team. The selectors may attend events where Archers being considered for selection are competing to aid their assessment for suitability in the team.

The Selection Panel will make their recommendations of the National Team to the Board via the Convener of Selectors. The Board will then review the recommendations. The decision to ratify the team lies with the Board.

The Selection Panel for 2023 consists of:

- TBA (Convener)
- Barbara Scott
- Pam Gordon

The High-Performance subcommittee reserves the right to add additional selectors to the selection panel to ensure the criteria set out in the Archery New Zealand Administration Rules are met.

8. Removal of Archers

An Archer who is to be nominated to the Team by Archery NZ may be removed as a nominee for any of the following reasons, as determined by Archery NZ:

- a) Voluntary withdrawal. An Archer must submit a written letter to Archery NZ via the administration email. The Archer may be required to pay back any funding they may have received.
- b) Injury or illness as certified by an Archery NZ approved physician (or medical staff) and a medical certificate provided to Archery NZ via the Administration email. If an Archer refuses verification of his/her illness or injury by a physician (or medical staff), his/her injury will be assumed to be disabling and he/she may be removed.
- c) Violation of the Archery NZ Member Protection Policy and/or the 2023 Team Agreement & Code of Conduct including non-payment of invoices relating to International events. Any Archer who is removed from the Team has the right to an appeal.

- d) Any Archer may be removed as a nominee to the Team or from the Team for an adjudicated violation of IOC, IPC, WADA, WA, NZOC, DFSNZ and Archery NZ anti-doping protocol, policies and procedures, as applicable.

8.1 Withdrawal from the International Event

If any of the selected Archers then withdraw from the International Event, the Selection Panel reserves the right, if it so wishes, to select another Archer who has met the criteria, into the team, once ratified by the Board of Archery NZ.

8.2 Sending of a Team to International Events

The Board reserves the right to not send an Archery NZ Team to International Events. By accepting their selection, Archers accept that they have been selected for the 2023 Archery NZ National Team and that their selection will not carry over to other years even if the Board chooses not to send a team to International Events. Archers will need to reapply and be reselected for future years.

8.3 Team selections

By accepting their selection Archers agree to disclose as soon as practicable all information relating to or touching upon:

- training fitness;
- injury status;
- illness status;
- prescription medications that are listed as restricted or prohibited

Or any other item that has any potential to adversely affect training or competition at any time up until and including participation in the International Event. 8.4 Injury, Illness or Other Factors

If at any stage following the selection announcement should there be any doubt over the ability of an Archer to compete to the best of their ability due to an injury and/or illness the Selection Panel may take such injury, illness or other factor affecting fitness into account in considering its decisions.

However before taking them into account, the Selection Panel must first make enquiry of the Archer as to the status and prognosis of the injury, illness or other factor affecting their fitness. If the Selection Panel wish to do so they may also request a medical examination (at the Archer's expense) to determine, based on an assessment, whether or not the injury and/or illness is such that the Archer is physically unable to compete or there is a risk of causing medical harm to themselves, or endangering others. The Selection Panel must also take into account the report from such an examination.

The Archer must provide full details of the Exceptional Circumstances and the effect or potential effect on the Archer and their potential selection.

Taking Exceptional Circumstances into account - The Convenor shall refer any claim for Exceptional Circumstances that is made in accordance with this Policy to the High-Performance Subcommittee and they may, at their discretion, take it into account in considering its decisions. If a claim is not made in accordance with this Policy the High-Performance Subcommittee cannot take those Exceptional Circumstances into account.

11. No Consideration

The Selectors may not consider an Archer for selection under this Policy if the Archer does not meet the eligibility requirements specified in this Policy.

12. Funding

Selection is on a self-funding basis. For the avoidance of doubt, an Archer who is selected under this Policy is required to cover their own travel, insurance, meals, representative uniform, entry fees, potential penalty fees imposed on them by the tournament LOC, and accommodation. Official accommodation costs will be split equally between the members of the team unless any team

members request a single room, in which case those team members will pay the full cost of their accommodation.

12.1 Notes for World Championships and World Youth Championships

When this Policy refers to the World Archery World Championships and the World Archery World Youth Championships, Archery NZ pays the tournament entry fees.

13. Training Camps

The date and location of the training camp or camps will be announced to the Team members at least 30 days in advance of the event/training. However, Archery NZ will endeavour to announce the dates and locations as far in advance as possible. Funding will be sought to fully or partially subsidise the Archers for the camps. All Archers must attend the training camp/s. If an Archer is unable to attend a training camp, they must seek a Dispensation.

Any change in the selection procedures caused by a change in World Archery rules and regulations will be distributed to the affected Archers immediately. The selection criteria are based on the latest information available to Archery NZ. However, the selections are always subject to unforeseen, intervening circumstances, and realistically may not have accounted for every possible contingency.

If any force of nature, or force majeure, should cause the alteration or cancellation of any of the selection events listed in this document, these selection procedures will be revised, and approved by the Board of Archery NZ.

16. Board Notification

The Board of Archery NZ will be required to ratify the 2023 National Team

Selection and until such time as the Board makes a formal Team Announcement, Archers are to refrain from publishing on Social Media or commenting publicly that they have been selected for the National Team.

The purpose of the meeting is to allow the Selection Panel to explain their decision not to select the Appellant, to allow the Archer to respond, and to see whether the appeal can be resolved by agreement; this meeting may take place in person, via Skype or conference call.
- c) If the appeal is NOT upheld, the appellant will be required to cover any costs associated with the appeal including but not limited to legal fees, travel fees if meeting in person.
